

A1. Model No.:		A2. Product Name:	
MS-7DMS31		1080P Driver Monitoring Camera (Not-waterproof)	
B1. Product Features:			
<p>Built-in Driver Monitoring Module (DMM). Detection and warning of drivers' unsafe behaviors such as fatigue, distraction, phone using, smoking, no driver.</p> <p>1) Built-in Face Recognition Module (FRM). Max. 400 drivers can be registered to the system</p> <p>Built-in video recorder that supports high-definition 1920×1080/25f or</p> <p>3) 30f H.264 (HD) alarm video recording (20 seconds synchronous recording after the alarm is triggered).</p> <p>4) Built-in GPS module, to record the actual speed and location.</p> <p>5) Built-in WIFI module, the device can be easily calibrated and configured on the web page by connecting the device Wi-Fi.</p> <p>6) Built-in infrared lights, driver status can be effectively detected in any light condition. The driver wearing sunglasses can also be detected.</p> <p>7) Built-in 3W loudspeaker and audible alarm.</p>			
B2. Key Specifications:			
Size:	110x86.5x64mm		
Camera Resolution:	HD1920x1080/25f or 1920x1080/30f		
Video Output:	1CH, AHD,1920x1080/25f or 1920x1080/30f		
SD Card:	TF card (Max. 128G)		
Video Format:	MP4		
Video Coding:	H.264		
Video Recording Resolution	720P or 1080P		
Audio Coding:	ADPCM		
Loudspeaker:	Max. 3W		
Working Voltage:	DC 10V-32V		
Maximum Power	5W		
Wi-Fi	available		
Working Temperature:	-20~+70℃		
Storage Temperature:	-40~+85℃		
GPS:	Optional		
Super-capacitor:	-Yes		
C1. Accessories:			
1- Manual
